CVM and HAFF desire to send Patricia to serve near Pignon, Haiti in an exciting opportunity to use her many skills including veterinary medicine to serve the Haitians. These include providing training to the local veterinary agents, assisting with an ongoing goat project, starting a local veterinary pharmacy, helping at the Christian school with science and computer labs, helping in the Eye/Glasses clinic, involvement in the local Godly Woman’s group, and helping train women in quilting.

Haiti, the poorest country in the Americas, is mainly a rural agricultural-based economy with less than 50 Haitian veterinarians practicing in the country. The G.E.E.! ministry will be located in a remote northern district where Patricia hopes to work with a local veterinarian to support a number of veterinary agents scattered around the countryside.
SUPPORTING
PATRICIA

THERE ARE THREE EASY WAYS TO SUPPORT THE WORK OF DR. LYON AS SHE SERVES IN HAITI

PRAY
Prayer is powerful. Commit to pray for Patricia and the people of Haiti everyday

UPDATES
Sign up to receive Patricia’s prayer letters and updates via email
